

Chapter 2 Derivatives Test Topics

- 1) Product/Quotient/Chain Rule Problem
- 2) Implicit Differentiation Problem (FRQ)
 - *Horizontal, Vertical tangents / equations of tangent lines
- 3) Product/Quotient/Chain Graph Problem
- 4) 2nd Derivative Implicit Differentiation Problem
- 5) Particle Motion/PVA Problem:
 - *Distance, Displacement, find intervals moving left/right, increasing/decreasing speed, increasing/decreasing velocity, average velocity
- 6) Piecewise/Differentiable Problem
