

## Calculus AB 2019 Spring Break Extra Credit Assignment

**Assignment Due: Wednesday (April 10, 2019)**

Instructions:

- 1) Print out and Take the full practice AP exam (45 MC, 6 FRQs) and show all work required to complete each problem on the test itself. (Do not erase mistakes on your work. Instead, cross out mistakes with pen/pencil).
- 2) Feel free to use notes/formulas while taking test.
- 3) Grade your exam using Solutions Keys provided next to the Practice Test Link.
- 4) Make corrections to your work (**using different color ink or highlighter**)
- 5) Show through your work that you understand what you missed
  - a. State reason(s) you missed the problem
  - b. Write down any questions you still may have after spending time working through the problem and solution.
- 6) Write a paragraph stating which concepts you would like to work on and questions you still have leading up to the final exam/AP exam.
- 7) You will earn **1 percentage point added to your spring semester grade** for sufficient work shown and corrections made.
- 8) Your Work shown is proof of the time you put into this assignment. (3+ hours to take exam and 1+ hours to check solutions and make corrections)
- 9) If the only work shown is copying the solutions key, then this is not sufficient work. No sufficient work = no credit!!
- 10) You will turn in your AP Test, the paragraph sheet, and scoring sheet. If you did work on additional scratch sheets, turn those in as well.
- 11) Assignment due Wed 4/10 .No Late assignment will be accepted!
