

Non-AP Calculus - Instructions for March 2020 Digital Learning Assignments

1. Each week you will be assigned to complete a Spring Reviews Worksheet
 - a) Week of 3/16-3/20: Spring Review WS #1 (100 point HW grade)
 - b) Week of 3/23-3/27: Spring Review WS #2 (100 point HW grade)
 - c) Week of 3/30-4/3: Spring Review WS #3 (100 point HW grade)
2. Expectations:
 - a. Print out the Spring Review Worksheet. Show your work! (Any mistakes, please just cross out, **don't erase**. Your incorrect work is STILL evidence of time spent on each problem, and we want to see that)
 - b. Feel free to use your notes/ website/summary sheets as you are working through problems
 - c. After completing your worksheet, use the solution key to make corrections (use different color ink red/green/etc)
 - d. If you still have something you don't understand, indicate that on the problem.
3. If you still have questions on any problems:
 - a. Use solution key to see if the worked out problem answers your question
 - b. Videos for each problem are made available (link to youtube provided)
 - c. Feel free to reach out through Remind or Email (yangd@fultonschools.org or koudeler@fultonschools.org)
 - d. Our Live office hours are Tuesdays 11am-1pm, but we will respond any remind/emails over the course of the week as well.
4. We will be collecting these worksheets during the 2 weeks after we return to school. Tentatively, assuming we return 4/13, these assignments can be turned in between 4/13- 4/24.
5. Check the updated calendar for a **tentative** rest of school year schedule.
