Geometry Milestone Breakdown

- 73 Total Questions
 - 2 constructed-response
 - A constructed-response item asks a question and solicits the student to provide a response he or she constructs on his or her own, as opposed to selecting from options provided. The constructed-response items on the EOC assessments will be worth two points. Partial credit may be awarded if part of the response is correct.
 - 1 extended response
 - An extended constructed-response item is a specific type of constructed-response item that elicits a longer, more detailed response from the student than a two-point constructed response item does. The extended constructed-response items on the EOC assessments will be worth four points. Partial credit may be awarded if part of the response is correct.
- Section 1
 - 60 minutes to complete ALL of Section 1. That includes Part A AND Part B.
 - Section 1 Part A
 - 10 items
 - NO CALCULATOR
 - Section 2 Part B
 - Can use calculator
- Section 2
 - 60-85 minutes
 - Can use calculator
